

Heavy Duty Stapler

Novus® B56

NOVUS®

Novus Staplers are the preferred choice among professionals throughout the world. These Heavy Duty clinchers are capable of continually stapling large quantities of paper with minimal effort. Designed and developed in Germany, they will exceed your expectations and improve efficiency in the workplace.

The Novus B56 has a capacity of 210 sheets, and features an automatic bypass system that provides the convenience of using larger staples on smaller projects. A sliding adjustable depth guide allows you to set the staple location and ensures you hit the mark on every document.

The B56 is German engineered and features an innovative Anti-Blocking System (ABS). This prevents the

possibility of a jam and wrestling with your documents once they are stuck to the stapler. A dual staple guide further ensures trouble free performance by providing even pressure on the staple legs until they clinch your documents.

No more jammed fingers that often occur from spring activated, top loaders. The Novus B50 is a front loading machine that is easily re-filled by pushing the red button at the back of the stapler.

For optimal performance, we recommend using Novus Heavy Duty #23 staples. These thicker gauge, precision formed staples will ensure your stapler performs as designed. The B56 will accommodate staples up to 24mm in length.

Features

- Stapling capacity – 20-210 sheets
- Anti Blocking System prevents staple jams
- Bypass system prevents overlap of staple legs when stapling smaller quantities
- Dual staple guide encases the staples and provides superior performance and reliability
- Heavy duty base with non-slip rubber feet provides support and stability
- Adjustable depth guide for consistent accuracy
- Rotating anvil for bypass or parallel stapling
- Push button for easy front loading of staples
- German engineered for quality and durability
- Space saving staple storage in base

Dual staple guide system provides even pressure on the staple legs to prevent jams.

Adjustable depth guide ensures you staple at the desired depth each and every time.
